Diploma of Associate Engineer (DAE) is a post-secondary program of instructions in applied technologies

RECENT PROJECTS

ANGULAR

BEACONHOUSE MOBILE APP, (FOR PARENTS)

The Beaconhouse App offers access to your child's progress and daily routine from the comfort of your own phone. View their school attendance, reports and even be a part of their achievements and special school events. You can also arrange for a parent-teacher meeting.

LARAVEL, MYSQL, GOOGLE CLOUD

FARMANZA.COM & MOBILE APP, (BUYING & SELLING FOR FARMARS)

Farmanza aspire to disrupt farming industry through a first of its kind online marketplace for buying & selling the products & services related to farming industry. On one hand, we help farmers to efficiently secure state of the art farm inputs including seeds, fertilizers, insecticides, pesticide, and farming equipment from certified suppliers. On the other hand, we facilitate farmers to market their products including fruits, vegetables, crops and livestock directly to the end users at a competitive price at the fastest pace.
